PROBING SCANDAL

HOUSE COMMITTEE GOING INTO CHRISTMAS STORY.

NIELS GRON IS EXAMINED

AT ONE TIME HE HAD GROSVENOR INTERESTED.

STORY WAS TOLD TO MR. HAY

GRONS REPRESENTED DANISH "NO SALE" PARTY.

Washington, April 1.—The investigation of charges made in connection with the Danish West Indies purchase was begun today before the special committee appointed by Speaker Henderson. Besides the members of the committee, there was present Niels Gron, who brought the charges to the attention of Representative Richardson, and quite a number of interested spectators.

Mr. Gron was the first witness sworn by Chairman Dalzell. The witness spoke in good English, with a slight Danish accent. He said that in February last parties in Copenhagen who opposed the transfer of the Danish West Indies to the United States conferred with him and brought to his attention the Christmas report.

Chairman Dalzell asked who these parties were. The witness said they were members of the Danish upper house, but he did not think it proper to give their names. Mr. Gron said he was at present the representative in this country of these parties.

MAKES A DISCLAIMER.

Mr. Gron gave way temporarily to Representative Alexander, of Buffalo, who desired to make a complete disclaimer of any knowledge of Christmas or the Danish transaction. Mr. Alexander said he had never seen Christmas, had never spoken to any one in or out of congress as to the Danish treaty, and never heard it discussed at any time or any place by anyone until after the recent presentation of the matter to the house.

Continuing his statement, Mr. Gron explained how the Danish parties opposing a sale of the islands had persuaded him to come to Washington and place the Christmas report before congress and the public, so that the facts would be known. He told of having secured a note of introduction to General Grosvenor, of Ohio; of arranging to meet the latter in Washington, his purpose being, he said, to carry out assurances given at Copenhagen that he would place the matter before influential men and thus bring it to the attention of congress and the public.

WAS AT FIRST INDIGNANT.

Mr. Gron told in great detail of bringing the papers before General Grosvenor, who at first seemed quite indignant, Mr. Gron said, and spoke of laying the matter before the proper parties in order that suitable action might be taken. The witness said that later General Grosvenor concluded that it would be proper to lay the matter before the secretary of state. This was done, and Mr. Gron said he learned that the state department held that it could take no action and that the authorities here had in no way committed themselves to Christmas.

TRIED TO GET IT PRINTED.

Gron said that after General Grosvenor had decided not to proceed with the matter he (Gron) had prepared a statement for the Associated Press and had asked Mr. Crane, a newspaper man, to send some one from the Associated Press to him for the statement, and also to General Grosvenor for assurances as to Gron's standing. He learned later through Mr. Crane that General Grosvenor said he knew nothing about it. He said he was informed the day after he submitted the statement that the Associated Press could not use it.

Afterward, he said, he submitted his statement to several newspapers and more or less of it was printed.

The witness then detailed how he had placed the matter before Representative Richardson and Underwood, who had gone over the papers.

"What was your purpose in bringing it before members?" asked Mr. Dalzell.

"To get it into the house and before the American people," answered the witness.

In response to inquiries the witness took up various branches of the case. He said he represented those constituting the "no sale" party in Denmark.

DENIES SOME STORIES.

He referred to the reports that he (Gron) had himself been trying to obtain a commission for the sale of the islands, and that the whole matter was a quarrel between Christmas and himself over the commission. This Mr. Gron denied, and in support read a letter stating that an old alliance between certain Danish men and Americans in the fall of 1897 was declared off eighteen months ago. He mentioned the names of H. H. Rogers, Charles R. Flint and himself as the Americans interested at that time in negotiating the sale of the islands. Asked specifically regarding a statement in the Christmas report to the effect that Rogers had agreed to accomplish the sale of the islands for 10 per cent. of the purchase money, Mr. Gron declared that there was no such agreement. He described how the negotiations conducted by the committees in Denmark and in America had progressed almost to a successful conclusion just before the Spanish war, when they were declared off in Denmark.

Mr. Gron said he undertook to reopen the negotiations after the war. The committees in Copenhagen and America had not been dissolved when Christmas came to the United States in December, 1899. Mr. Gron was closely questioned as to whether a proposition was made for Christmas and Rogers and himself to divide the commission. He replied that there were various propositions.

NEVER AT INTERVIEW.

Asked as to the threat attributed to Rogers in the Christmas report (in which Rogers was made to say that he had twenty-six votes in the senate and could defeat the negotiations) Mr. Gron said he was never present at an interview between Rogers and Christmas. He had never heard Mr. Rogers make such a threat. He denied absolutely the statement that he (Gron) had signed a contract with Christmas by which he (Gron) and Rogers were to have two-thirds of the commission. He had never made any contract of any character with Christmas, but the latter had made over a power of attorney to him which, later, he (Gron) repudiated. Mr. Rogers saw Christmas, he testified, but once. After that Rogers refused to see Christmas or answer his letters or telegrams.

As to the Christmas interviews in which Christmas was made to say that he had had negotiations with Abner McKinley, which Christmas, in his report declared had been instigated by Gron, the witness said that he had no connection with them. Mr. Hitt asked him specifically if he knew what press associations were referred to in the Christmas reports.

"I do not know," replied Mr. Gron.

At this point the committee took a recess until 2 o'clock.

STRUCK BY A LOCOMOTIVE

THREE LIVES LOST AT RAILWAY CROSSING.

Four Persons Returning From Dance in Kansas Drive in Front of Express Train.

St. Marys, Kas., April 1.—A carriage containing four persons was run down early today at Bonds Crossing, two miles west of Rossville, by Union Pacific passenger train No. 3, westbound. Three of the occupants were killed and one is perhaps fatally injured. The dead:

Fred Smith.
Edward Smith.
Miss Minnie Mainey.

Mrs. Fred Smith may recover, although this morning she was still unconscious and in a delirious condition.

Mrs. Smith is a bride of two days, having been married last Sunday. Miss Minnie Mainey was to have been married next Sunday to Edward Smith, who was also killed. The young people had been to St. Marys to attend a dance and were returning home when the accident occurred. The bodies of the killed were terribly mangled and Miss Mainey's head was completely severed from her body. Both the horses were instantly killed and the carriage was completely splintered. The engineer did not see the carriage until after the engine had struck it. He immediately stopped his train and the victims were taken on board and were carried to St. Mary's and from there taken to Rossville, where they lived.

HIGHEST IN FOURTEEN YEARS.

The retail butchers have been notified of a further advance in the price of beef, and they are now paying 9 cents per pound from the wholesalers. The price of pork has also been advanced, and the retailers have been obliged to put up the price of meat to the consumer. The prices now prevalent are the highest in fourteen years, and there is a prospect that they may go even higher, until the slaughter houses can secure grass fed cattle to meet the demand.

ROBINSON TALKS

TWELFTH DISTRICT MEMBER HEARD IN THE HOUSE.

DEPLORES SPEAKER'S POWER

SAYS HOUSE HAS CEASED TO BE DELIBERATIVE BODY.

LIBERTY'S TORCH STAYS OUT

HOUSE REFUSES TO MAKE THE APPROPRIATION.

Washington, April 1.—The house today resumed consideration of the sundry civil appropriation bill with the understanding that general debate, which formally closed yesterday, should be extended to permit Mr. Robinson (Ind.) and Mr. Grow (Penn.) to address the house.

Mr. Robinson discussed the "passing of the house" as a deliberative body to which Mr. Bell (Col.) had addressed himself yesterday. The senate, which now perfected legislation, he complained, was dominated by thirty senators representing fifteen states with less population than either New York or Pennsylvania. The present condition of affairs in the house, he said, was due to the concentration of all the power of the house in the hands of the speaker and the committee on rules.

HON. J. M. ROBINSON.
Representative in Congress from the Twelfth District.

Mr. Grow discussed the question of electing senators by popular vote. He favored a constitutional amendment for that purpose. At the conclusion of his remarks the bill was ready for amendment under the five minute rule.

Mr. Sulzer, of New York, offered an amendment to appropriate $50,000 for lighting the torch of Bartholdi's statue of Liberty in New York harbor. Mr. Sulzer said this light was put out March 1. Since the statue was erected in 1886 until now, he said, the sundry civil bill had always carried an appropriation for this light. He had read a poem written by an anti-imperialist on the extinguishment of the light in Liberty's torch.

When Mr. Sulzer concluded Mr. Cannon congratulated him on the speech and the poem and then asked him if he withdrew his amendment.

Mr. Sulzer replied in the negative, whereupon Mr. Cannon said that the pending bill carried $1,900,000 for lights, the expenditure of which, he said, was entirely within the discretion of the lighthouse board. Mr. Cannon said the appropriation committee had made some investigation and had ascertained that the light on the Bartholdi statue was valueless for commercial purposes.

On a rising vote the amendment was carried 43-33. Some New York school teachers in the gallery applauded vociferously.

Mr. Cannon immediately demanded tellers. "You will have to carry this by tellers and an aye and no vote before it is finally adopted," he declared emphatically. Great interest was taken in the vote by tellers. The pages scurried out to the restaurant and committee rooms to bring in absentees. When the vote was finally completed the first vote was reversed and the amendment stood defeated, 61 to 67.

IN THE SENATE.

Washington, April 1.—At the conclusion of routine business today the senate resumed consideration of the oleomargarine bill. The debate of the day was opened by Mr. Heitfeld (Idaho) in opposition to the measure, the real intent of which, he said, was to destroy the oleomargarine industry.

Mr. and Mrs. F. E. Strouder will entertain the members of the Linden quartet and others who assist in the musical program Friday evening at the close of the quartet's annual concert at the Wayne street M. E. church.

ANOTHER SMALLPOX CASE.

Sarah Gans, a young woman of about the age of twenty-two years, was taken to the smallpox isolation hospital on the county farm this afternoon by the city health authorities. The young woman came in from the west last evening on a Pennsylvania train, which she left here because of feeling ill. She had come from Bismarck, N. D., and was en route to the east. This morning she sought the office of Dr. McCormick, in the White bank block, to get medical attention. Her appearance gave the doctor a start. He recognized smallpox and summoned City Health Commissioner Macbeth, who took the action detailed above. The woman says there was much smallpox in Bismarck two weeks ago when she was in that city.

NEW LIFE INSURANCE COMPANY IS BEING FORMED.

Plans are Yet Incomplete, But Prominent Local Business Men are Identified With it.

Within a very few weeks it is expected that a new life insurance organization, composed entirely of Fort Wayne men, will be launched in business in this city.

Attorney D. B. Ninde, who is looking after the legal details of the new organization, said today that the company was not yet ready to make an announcement either of its precise plans or of the men who are connected with the enterprise, but that the outlook was very promising for the formation of a very strong company.

DANCE WAS A GREAT SUCCESS.

Last evening Knights of Columbus hall was the scene of one of the most fashionable dancing parties of the season. The dance was given by the Epicurean club and the hall was decorated in the club colors, blue and white, while the Annex orchestra, hidden by a floral screen, furnished music for the dancing. The club spared no expense to make the party a memorable one for its members and friends and its efforts were crowned with success. The newly elected officers of the club are: President, Charles D. Nolan; vice president, William McBennett; treasurer, Charles B. Hart; secretary, Robert Miller; assistant, Arthur Richert.

Meyers, of 26 Oak street; Mrs. Elizabeth Buehler, of East Lewis street, and Miss Mary Buhr, who lives with the mother on the farm.

Commandant Meers has sent word that his command will abide by the decision of the Boer government.

Commandant DeVilliers, who has been operating in the Kimberley district, has sent in a flag of truce, asking for terms.

The peace movement, however, has in no way interfered with the military operations. The British are again sweeping the northwest districts of the Orange River colony, where it is believed they have about a thousand of General De Wet's men within the cordon.

WILL DISCUSS SURRENDER.

Heidelberg, Transvaal, Monday, March 31.—Commandant Alberts has called a meeting of the Boers in his district, to take place thirty-five miles east of the Springs Station, in order to discuss the proposal for a general surrender. Surrenders are occurring daily in the Standerton district.

VETERAN ENGINEER IS DEAD

AMOS SINE PASSES AWAY AFTER LONG ILLNESS.

Served as a Soldier and Entered Employ of Pennsylvania Company in 1867—Was Widely Known.

Amos Sine, a veteran Pennsylvania engineer, and one of the best known of Fort Wayne railroad men, died at an early hour this morning at his home, corner of East Butler and Clinton streets, at the age of 69 years, 8 months and 15 days. Death was due to stomach trouble, and the end came shortly after midnight following a long and painful illness.

AMOS SINE.
Veteran Pennsylvania Engineer, Who Died This Morning.

For nearly thirty-five years Mr. Sine had been in the employ of the Pennsylvania company, and he was very widely known both in railroad and social circles, enjoying a deserved popularity both among his fellow railroad men and acquaintances generally. For nearly three years he had been in declining health, and during the latter part of his active service his condition precluded working only a portion of the time. For several months he had been confined to his home, and the patient's condition had been for weeks such as to offer little hope for his recovery. He was a brother-in-law of Maj. F. M. Mauk, the well known conductor who died March 15.

Mr. Sine was born in Whitley county, where he grew to manhood. Early in the civil war he enlisted as a member of the Eighty-eighth Indiana volunteers and served with credit throughout his long term of patriotic service. Returning from the army he was united in marriage in 1864 to Miss Elizabeth Fry at Lake Chapel, and within a short time thereafter they removed to Fort Wayne, which has since been their home. Mr. Sine entered the employ of the Pennsylvania company as a fireman in November, 1867, and was promoted to engineer in August, 1872. His run was on local and through freights, and he was regarded as one of the most competent engineers on the division.

Surviving are the widow and one daughter, a sister, Mrs. Rosana Whitney, of Douglas, Kan., and a brother, Jacob Sine, of Churubusco. Mr. Sine was a charter member of Summit City lodge, No. 36, A. O. U. W., a member of Wayne Masonic lodge, a Scottish Rite Mason and a member of Anthony Wayne post, G. A. R.

Mr. Sine was a member of the Berry street M. E. church and the funeral services will be held from that church Friday afternoon at 1:30 o'clock. The Scottish Rite Masons will be in charge of the service and the interment will be at the Bel River cemetery.

KILLS IN REVENGE

A NEGRO SERVANT'S TRIPLE CRIME.

HE SLAYS HIS MISTRESS

MURDERS LITTLE DAUGHTER AND FATALLY WOUNDS ONE.

CRIME DELIBERATELY DONE

HAD BEEN STEALING AND A WARRANT WAS OUT.

Philadelphia, Pa., April 1.—William Lane, aged 25, a colored servant, employed by Charles F. Furbush, at 652 North 15th street, today shot and killed Mrs. Ellen Furbush, aged 42 years, and her daughter, Madaline H. Furbush, aged 10 years, and probably fatally wounded Eloise Furbush, ager 7 years, another daughter. The latter is not expected to live. Lane made his escape. He had been suspected of stealing money from his employer and today a warrant was sworn out for his arrest by Mrs. Furbush. Lane learned this and committed the crime in revenge. Mrs. Furbush and Eloise were on the third floor of the house and Madaline was on roller skates in front of the house. After killing the mother and fatally injuring one child, Lane called Madaline into the house and she followed him upstairs to the third story, where he shot her dead. He then ran down stairs and made his escape.

The bodies of Mrs. Furbush and Madaline and the injured child, Eloise, were found by a policeman who had gone to the house to serve the warrant on Lane.

There was a colored servant in the kitchen ironing when the murders were committed, and when the policeman questioned her she said she had not heard the shooting and did not notice the departure of Lane from the house. The coroner has taken charge of the house. Mr. Furbush has not yet been located by the police and it is stated that he has gone to New York. Lane had been employed by the family for about two years. His home is said to be in Trenton, N. J.

Lane, the murderer, was captured in Camden, N. J., at about 2:35 o'clock this afternoon as he was leaving a ferryboat on which he had escaped from Philadelphia. He was immediately brought back to this city and locked up in a cell in the city hall.

INSANE WOMAN'S DEED.

Barkhamsted, Conn., April 1.—Miss Elsie D. Richards, aged 53 years, while temporarily insane, shot her mother, Mrs. Emily Richards, aged 74, early today and then attempted to commit suicide by shooting herself. The mother is seriously wounded, but may recover. The daughter, however, is in a precarious condition and is not expected to live. Mrs. Richardson was shot in the head from behind while sitting before the fire. She was able to go for assistance and upon her return with aid her daughter was found unconscious. She had shot herself in the mouth.

BOARD OF EDUCATION TO MEET ON SATURDAY.

Enumeration, Schools and Ditch Legislation Is to Be Considered by County Organization.

The Allen county board of education is to hold a meeting at the office of County Superintendent F. J. Young on Saturday afternoon. The purpose of the gathering is primarily to prepare for the annual enumeration of children of school age in Allen county.

At the same time the board will take up and discuss a number of other matters of public importance. The present laws governing school, enumeration, road and ditch matters are to be considered, and the members are expected to set forth their views as to how the present laws could be remedied by new legislation. There will doubtless be some valuable suggestions along these lines that are likely to be of utility in directing the affairs of the various townships.

The W. C. T. U. will hold an important business meeting Wednesday afternoon at 2:30 at the home of Mrs. Sites, 13 West Lewis street.

GOTTLIEB BRUDI IS NO MORE

WAS A WELL KNOWN FARMER NEAR NEW HAVEN.

Once in Grocery Business in Fort Wayne and Owned Real Estate Here—Other Mortuary Matters

Gottlieb Brudi, one of the most prominent of Allen county farmers, died shortly after 7 o'clock this morning at his home in Adams township, one mile west of New Haven. Mr. Brudi had been ill for several months, and his death was due to kidney trouble. His age was 68 years, 9 months and 17 days.

The deceased was a native of Germany, born in Wuremburg, June 14, 1833, and came to American at the age of 13 years. He was united in marriage October 6, 1854, to Sophia Nester, and shortly thereafter located on the homestead near New Haven, where the greater part of his life was spent. From the fall of 1866 until January 1871, Mr. Brudi was in the grocery business in Fort Wayne, his store having been located on Broadway. His business life, both as a farmer and a merchant, was successful, and he acquired a comfortable competence, owning considerable business property in this city.

Mr. Brudi was the father of nine children, eight of whom, with the widow, survive. The children are Lizzie, Sophia, Anna, Carrie, Amelia, Louis, Bertha and Martha. Other relatives include two sisters and two brothers—Mrs. Gustave Gothe, Mrs. Henry Koehlinger and Joseph and Carl Brudi, all of New Haven.

Politically Mr. Brudi was a democrat, and he retained to the last a public-spirited interest in the affairs of Allen county. He was honorable and upright, very widely known all over the county, and the Brudi homestead near New Haven is one of the choicest farm homes in Allen county. Mr. Brudi leaves a very wide circle of friends aside from the immediate relatives. He was a member of St. John's Lutheran church in this city.

The funeral announcement will be made later.

CONVENTION OPENED TODAY

LUTHERAN MINISTERS AND TEACHERS IN SESSION.

Gathering is Held in Emanuel Church—About Seventy Delegates are Present.

The annual conference of the Fort Wayne district of the Missouri synod of the Lutheran church opened this afternoon in Emanuel school hall, corner of Wilt and Union streets. The district includes the counties in northeastern Indiana and northwestern Ohio, and there is nearly a full attendance of Lutheran ministers and teachers, more than seventy responding to the roll call.

This afternoon's session was devoted to a discussion of topics concerning educational matters and the hearing of reports from the different churches in the districts. The sessions will consist principally of doctrinal discussions and school matters, and a number of papers will be presented.

The convention will close its sessions on Thursday afternoon. On Wednesday evening there will be a communion service in Emanuel church and the sermon will be preached by Rev. H. F. W. Brandes, of Huntington. This service will be public. There will be no session this evening.

At the Easter dance at Vogeley's hall last evening Miss Hazel Rettaff and John Richards won the principal prize in the prize dance. The prize was a comfortable looking five-dollar gold piece, which was afterwards equally divided between the two winners.

This evening the Luther society of St. John's Lutheran church will give an entertainment. The society has adopted a novel idea for entertainment, naming a new committee of four every month to arrange programs. A prize will be given the committee having the best entertainment at the end of the year.

ELEVEN DROWNED AT SEA

BRITISH STEAMER SUNK IN COLLISION.

Cambrian Princess Rammed by Alma in British Channel and Goes Down at Once.

London, April 1.—Eleven men were drowned as the result of a collision this morning, near the Nab lightship, between the Channel Passenger Steamer Alma and the British ship, Cambrian Princess, Captain Roberts, from Peru for Antwerp. The latter sank immediately and eleven of her crew perished. The Alma returned to Southampton badly damaged.

The collision occurred at 2:30 a. m., during foggy weather. The Alma struck the Cambrian Princess on the starboard quarter, ripping her side wide open. The ship heeled over and sank in four minutes. The eleven survivors were hauled on board the Alma by means of ropes. The steamer's bows were badly stove in.

The Cambrian Princess was built at Southampton in 1877. She was of 1,275 tons net register and was owned by W. Thomas & Co., of Liverpool.

HOW TO BE SUCCESSFUL.

Experiences of Some of Our Wealthiest Men—Good Health the Keynote.

Success does not follow ill health; on the contrary, it takes good health to make one successful. A good appetite, ability to sleep soundly all night long, and arise feeling rested and refreshed, with a body that has no pains or aches, and a clear brain, full of rim, ideas and insight into business, is what make success. The Vanderbilts, Goulds, Astors, Havemeyers, and a long list of others that we could name, attribute their wealth and success in business to long hours and hard work, which were made possible by good health. Bad health is the cause of more failures in business than anything else. "Blood Wine" keeps the health good. It cleanses every particle of blood that flows through your veins. It abstracts the impurities and germs, forces them out of the body, and leaves only the pure, rich blood, which feeds the weaker tissues, and keeps one in good health. "Blood Wine" will give you a clear brain, so that you can think, reason, plan, and succeed. It enables you to grasp a situation quickly, to understand clearly. It takes every ache and pain out of your system, and transforms every organ of your body to its normal healthy condition. Blood Wine contains no wine or spirits, simply medicines of wonderful curative characteristics that never disappoint.

In the business world "Blood Wine" is a great favorite with both men and women. Storekeepers, clerks, stenographers, bookkeepers, lawyers, clergymen, and all acquiring a powerful agent to clear the brain, and aid them in business, take it.

Mrs. Annie Morgan of Waterville, Me., says: "I think it is my duty to let you know what benefit I have derived from taking your "Blood Wine." I have taken one bottle and a half, and feel wonderfully better. My appetite is improved; I do not suffer nearly so much, for I was all run down and felt tired all the time, and my brain seemed clouded. Your "Blood Wine" has benefited me so much that I feel grateful to have found it, and I can heartily recommend it to any one who is suffering from loss of appetite, nervousness, and all trouble arising from poor digestion, overwork, and a run-down condition in general."

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Pellens & Polster's drug store.

HEALTH AND ALL ITS BLESSINGS

Health will come with all its blessings to those who know the way, and it is mainly a question of right-living, with all the term implies, but the efforts which strengthen the system, the games which refresh and the foods which nourish are important, each in a way, while it is also advantageous to have knowledge of the best methods of promoting freedom from unsanitary conditions. To assist nature, when nature needs assistance, it is all important that the medicinal agents used should be of the best quality and of known value, and the one remedy which acts most beneficially and pleasantly, as a laxative, is—Syrup of Figs—manufactured by the California Fig Syrup Co.

With a proper understanding of the fact that many physical ills are of a transient character and yield promptly to the gentle action of Syrup of Figs, gladness and comfort come to the heart, and if one would remove the torpor and strain and congestion attendant upon a constipated condition of the system, take Syrup of Figs and enjoy freedom from the aches and pains, the colds and headaches and the depression due to inactivity of the bowels. In case of any organic trouble it is well to consult a competent physician, but when a laxative is required remember that the most permanently gratifying results will follow personal cooperation with the beneficial effects of Syrup of Figs. It is for sale by all reliable druggists. Price fifty cents per bottle.

The excellence of Syrup of Figs comes from the beneficial effects of the plants used in the combination and also from the method of manufacture which ensures that perfect purity and uniformity of product essential in a perfect family laxative. All the members of the family from the youngest to the most advanced in years may use it whenever a laxative is needed and share alike in its beneficial effects. We do not claim that Syrup of Figs is the only remedy of known value, but it possesses this great advantage over all other laxatives that it acts gently and pleasantly without disturbing natural functions, in any way, as it is free from every objectionable quality or substance. To get its beneficial effects it is always necessary to buy the genuine and the full name of the Co.—California Fig Syrup Co.—is printed on the front of every package.

THE FIRST STEP.

No Matter How Your System is Affected, Your Bowels Must Be Free Before a Cure Can Be Effected.

You can't get well unless your bowels do their work in a free, natural manner.

Every physician knows this, and the first thing the doctor does, when he undertakes a case, is to prescribe for the instant relieving of the bowels from the poisonous matter that is such an enemy to life and good health.

When you feel weak and listless in the morning, without energy to face the day's round of tasks and pleasures, there's something wrong.

The blood should be enriched.

And to enrich the blood, care should be taken that the food in the stomach is being converted into rich, red, vitalizing blood.

Poor stomachs can't make good blood—no use to make them try. The more painful the process of digestion is, the greater effort is the stomach putting forth to do its work as it should be done. The pains of dyspepsia are merely the efforts of the poor, jaded stomach to do its duty.

Peptorene, the Health Tablet, is a tonic digestant.

It puts the stomach in a condition to do its work properly by giving it tone, and by increasing the flow of gastric juice and saliva.

By use of Peptorene the blood is enriched, and the bowels and liver are strengthened. Food can be eaten without distress, and it takes only a little time and a box or two of the tablets to bring around a new condition of affairs—the eyes brightened, the skin freshened and the nervous, shrinking dyspeptic becomes a healthy, hearty person who can hardly wait for meal time.

Manufactured by the Battle Creek Health Tablet Co., Ltd., Battle Creek, Mich. 25c per box. Write for free trial treatment. For sale by A. C. Gocke, Wm. L. Waltemath, Meyer Bros. & Co., and Pellens & Polster.

Dr. and Mrs. E. P. Deppel, of Huntington, are at the New Aveline.

A RAGING, ROARING FLOOD

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by Dreier & Bro. Price 50c and $1.00.

Ask Him

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows the formula, so ask him if there is anything better for purifying the blood, strengthening the digestion, and building up the nerves. Follow his advice, whatever it may be.

"I have taken Ayer's Sarsaparilla every spring since 1848. As a blood-purifying and nerve-strengthening medicine it cannot be equalled."

WANTS TO HELP OTHERS.

"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. Meyer Bros. & Co.

Orin Logan, of Logan, Texas, has taken a position at the Nickel Plate roundhouse. He is a nephew of Mr. Robertson, of the electric works.

DREADFUL ATTACK OF WHOOPING COUGH.

Mrs. Ellen Harlison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

Is it your eyes or glasses that worry? Either is bad enough. Consult us. Dallas F. Green, Expert Optician.

HE KEPT HIS LEG.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poison set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 1½ boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. Dreier & Bro. will guarantee satisfaction or refund money. Only 50 cents.

The result of today's voting in Chicago will determine whether the Hon. Bathhouse Coughlin is still a statesman or merely a remnant.

The weather continues to furnish an excuse for a whole lot of very dirty alleys in this city. When the weather gets warmer the alleys will doubtless simply be dirty without any excuse.

A special committee of the house has begun an inquiry into the charges that half a million dollars was expended to influence congress in the Danish West Indies deal. Nothing tending to prove that such corruption was practiced is likely to be elicited, but interesting disclosures are likely to be made, nevertheless.

Senator Jones will not give up his ship till she is full of water and nearly out of sight. It will be remembered that back in 1896 Senator Jones, as chairman of the national democratic committee, was refusing to concede McKinley's election several days after everybody else in the country knew Bryan was about a million votes to the bad.

SELECT THE BEST.

There is but one way for the citizen who has the best interests of the county at heart to serve those interests so far as public officials have anything to do with them. That way is to select the best men who are nominated for office and vote for them. It need make little difference what ticket the best man is running on, the important thing is that he is the best man. Every intelligent voter can ascertain without trouble who the best men are. Every man who is a candidate must after all rest on his repute in the community. He cannot escape the searchlight of public scrutiny. If he has been dishonest or dissolute or both, if he is incapable and in any respect unfit the entire public knows it. A candidate's character in a short time becomes in the widest degree notorious. Every voter knows who he is and what he is. The excuse is small, therefore, for any bad man being allowed to break into public office. Intelligent, patriotic citizens can scarcely wish to help into office any but the best men available and the way to do that is to choose not according to party, but according to the same standards by which they would choose men for their own employment.

Senator Hanna has failed in his effort to interest the president in behalf of Rathbone, one of the Cuban postal fund looters, and it now is said the Ohio senator will introduce a bill that will enable Rathbone to have a trial in an American court. Under the same law Neely, of course, would be entitled to a trial, and when it was all over the result would be very pretty, indeed. The Cuban court seems to have given the cases the proper finish.

ABOUT THE CITY HALL.

The board of works met yesterday afternoon and heard a representative from the Teamsters' union, who asked that the city conform to the new scale adopted by the union for 1902. The new scale provides for 40 cents per hour, while the city has been paying but 35 cents, which was the scale in 1901. Last year, before election, the same committee called on Comptroller Berghoff and asked him whether he would favor an increase of 5 cents per hour and whether the city would start the ball by paying 40 cents an hour. Mr. Berghoff was not mayor then and said that if elected he would oppose any scheme that sought to make the city pay more for the same class of work than anybody else paid, but that, on the other hand, he would pledge the city to at all times pay as much as anyone else paid. Now the scale has been raised universally to 40 cents, while the city is only paying 35, hence the kick and the interview at yesterday's meeting. The Noble Machine company asked permission to lay a side track along Hayden street to the site of the new factory in course of erection there. W. E. Doud and others petitioned for several small sewers in the Sixth ward, but no action was taken, the board saying that the matter would be taken up after the South Wayne sewer has been completed.

The first scarlet fever case in several weeks was reported yesterday from Creighton avenue, near Broadway. A contemporary erroneously reports that there are at present only two cases of smallpox in the city. The health commissioner does not wish the local situation to be misunderstood, believing that the public is entitled to know just exactly what the health conditions are; also believing that a knowledge of the situation will spur all people to the use of such precautions as are most conservative of the good health of the community. There are at present two cases at the contagion hospital on the county farm, one of whom will be discharged within a day or two, while the other will remain about two weeks longer. There are four cases in the city, two on the north side, one in the Grindle family and the other in a home on Ida avenue. The Parker girl, on the north side, suffered a backset a day or two ago, but has recovered and is now convalescing. The other case on the north side is quite seriously but not dangerously ill. The Grindle case is a mild one, and quarantine will be lifted on the home in a day or two, and the Ida avenue case is mild, but young, and will not be freed for ten days. All the cases have been sporadic and in no instance has there been a second case in the same family or in the same house where the first case appeared.

Mrs. E. Reimann was granted a permit to erect a frame house on Wall street, at a cost of $1,500.

It cost the city just $12 for extra help at the Armstrong fire two weeks ago. The extra firemen were paid off today along with the balance.

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by Dreier & Bro. and Pellens & Polster.

FROM DARKNESS UNTO LIGHT

SINFUL SOUL IS LIFTED TO LOFTIER EXISTENCE.

Wonderful Transforming Power of God's Matchless Mercy—Major Hilton's Discourse.

Paul's marvelous conversion as recorded in Acts 26 formed the basis of Major Hilton's theme at the Third Presbyterian church last evening, where the evangelist addressed a good-sized Monday evening audience and held up to his hearers the transforming power of God's holy

MAJOR HILTON.

spirit. Beginning at verse 9, the speaker read Paul's vivid narrative of his conversion, and then said in part:

"What a change was wrought! Here is a man who had devoted his life to persecuting God's people, yet God took that very man and made him a minister to those people. And why? To open their eyes. Who could better tell what it means to come out of blindness into glorified light? What a splendid picture of the regeneration of the heart; taking sin away and lifting the soul out of the darkness of iniquity into the radiance of a full salvation. 'From the power of satan unto God.' Let us take those words for our text."

Major Hilton told of an ignorant colored boy, unable to read and apparently incorrigible, who had attended a New York Sunday school and seemed oblivious to all efforts of his teachers to get him interested in his soul's welfare. "Finally came a revival service and after some weeks a testimonial meeting, when to the surprise of all the colored lad arose, bible in hand, and began reading from the first verse of Genesis: 'God said let there be light, and there was light.' It developed that the lad had been assiduously studying how to read. He had found the light and gave the passage as his testimony. It was a marvelous transformation through the abundant grace of God. David said 'the entrance of thy word giveth light.' I have seen it find lodgment for truth in the hearts of men who never knew how to read.

"Here Saul, whose heart had been filled with iniquity, blasphemy and murder, was transformed and sent forth to glorify God. O, the joy unspeakable, the buoyancy of the soul when the divine takes hold and fills every desire. If anybody had told me twenty-two years ago I would be in this pulpit, I'd have thought they were crazy. We usually find what we are looking for. Paul was formerly looking for Christians to haul them up before the king; then there came a time when he was ready to die to preach the gospel. Do you know that human nature is the crookedest thing in existence? There would be no hope for getting it straightened out but for the injection of the divine nature into it. Man brought to a saving knowledge of Christ is transformed. He hates the old things he used to love, and loves the things he formerly hated. You couldn't have coaxed me into a place like this twenty-three years ago. Why, these (pointing to the ministers) are the kind of men I'd have gone around a block to avoid. Now I'm hunting just that sort of men. Marvellous thing!—this transformation through the grace of God. I'm not talking about some visionary, mystical thing, but about a visible, tangible transformation that is susceptible of proof."

Major Hilton illustrated his point by alluding to the use of spectacles by means of which a dim and blurred printed page was made clear and readable. Continuing he said: "It is beyond the power of human tongue to express the wonderful transformation in the heart that was once dark. Why, I do not see how men can even look into the heavens and not love God. It seems to me that the most ordinary quality of gratitude ought to make a man love God. Now, David got into trouble, but there was one good thing about David; when he got into trouble he knew where to go. He went to God. He didn't go to the theater or to the card party to distract his mind. Bless you, we don't want our minds distracted. David wanted deliverance in the land of the living, and that's where you and I want it. God is our refuge and strength. All fear is taken away.

"Last July I came as near drowning as it is possible to come and yet be revived. I bade good-bye to earth and as I sank beneath the ocean it grew marvelously light. Unconsciousness came, and the next I remember was lying upon the beach in the arms of the life-savers who had dragged me from the waters. The thought that came to me was 'What have I been spared to—wife, children, world, life.' And when for Jesus' sake God speaks peace to your heart and your transformed soul is lifted into the light of everlasting salvation that same thought will dominate—from darkness to light, from sin unto salvation. O, I beseech you tonight, let the light come where now is darkness."

Major Hilton will continue services at the Third church during the entire week, afternoons and evenings. The afternoon themes are: Tuesday, "Rest;" Wednesday, "Peace;" Thursday, "Ministry of Suffering;" Friday, "Consecration."

FORT WAYNE OFFICERS PASS

WERE SUCCESSFUL IN MILITARY EXAMINATIONS.

Promotions Will Occur All Along Line—State Camp of Instruction May 12 to 19.

Fort Wayne officers of battery B, Indiana national guard, who took the recent examinations at Indianapolis required before promotions can be consummated, have all been advised that they successfully passed with the required percentage and the advancement in rank will occur at once. The returns came through the adjutant general's office, and by the new order of things Lieut. Will C. Cleary will be commissioned as captain of battery B, Lieutenant Jones becomes senior first lieutenant, Sergeant Ramsey becomes junior first lieutenant and Sergeant Clark becomes second lieutenant. Appointments for the sergeants' places will be made shortly. Captain Cleary is preparing his bond of $13,000 to assume permanent control of the battery.

The four officers who are advanced in rank as a result of the examinations received their commissions this morning.

THE DATE IS EARLY.

Orders have been issued for the annual camp of instruction to be held this year at Indianapolis May 12 to 19, inclusive, a date much earlier than customary. This is believed to be on account of the dedication of the soldiers' and sailors' monument May 15. It is desired to have the entire Indiana national guard at the state capital at that time to participate in the ceremonies. Both battery B and company D, of Fort Wayne, are preparing to attend.

WE REFUND

The Price of Vinol If It Does Not Give Satisfaction.

Our Faith In It Is Unbounded.

We know of no remedy that is more universally successful than Vinol.

Vinol is not by any means a cure all. We do not wish any of our friends to believe for a moment that we claim it to be.

We do wish all to know, however, that we enthusiastically endorse Vinol, because we all have investigated and know everything that it contains, and we know that the elements contained in Vinol have the power to do what we claim.

The main thing to which Vinol owes its merit is the medicinal elements in a highly concentrated state that he re given to cod liver oil its reputation as a specific in all wasting diseases.

These same elements have been collected from the liver of the cod, and having been freed from the obnoxious grease, that made cod liver oil so unpopular, and dissolved in a delicious table wine; this, with the addition of a slight amount of iron, is all our Vinol is.

In all cases of chronic coughs, bronchitis, severe colds, general debility, loss of appetite, all derangements of the stomach, etc., we recommend Vinol. So unconditionally do we recommend it that we offer in all instances to refund to anyone the money they pay us for Vinol if they do not find it in every respect all that we claim for it.

Following is one of the many letters we continually receive showing the enthusiasm felt by the takers of Vinol.

"I would not take $100 for the good Vinol has done my wife and children. The children had the measles and were left with a bad cough, and my wife was run down in health. I bought two bottles of Vinol, and my children are strong and well, and my wife says she feels better than she has for years." Mr. W. E. HOLMES, 521 6th St., Muncie, Ind.

If you will accept our invitation to call on us and hear what we have to say about Vinol, we can promise you that the time consumed will be to your advantage.

AT MINE'S MOUTH

TWENTY-TWO MEN KILLED BY AN EXPLOSION.

A HORROR IN SOUTHERN MINE

DEADLY EXPLOSION OF DUST AT DAYTON, TENN.

MEN WERE LEAVING MINE

DISASTER CAUSED BY FAULTY BLAST.

Chattanooga, Tenn., April 1.—At 4:45 o'clock yesterday afternoon an explosion of gas in the Nelson mine of the Dayton Coal and Iron company, at Dayton, Tenn., ignited the dry coal dust in the mine and caused a terrific explosion. Twenty-two men are known to be dead. Ten bodies have been recovered. Twelve bodies are still in the mine.

THE CASUALTIES.

The dead are Lark Hunter, Alex Taffer, James Franklin, John Harney, Tom Shaver, James Harris, F. G. Travis, all white; George Griffins, Ben Griffins, Reese Dean, Norris Pierpoll, Morgan Smith, John Robinson, J. E. Hill, Bryant Smith, Mack Foust, all colored, and six others, names unknown.

Fatally injured: W. T. Head, brother of James Head, superintendent of the mine; burned internally, will die.

Seriously injured: James Riley, white, right leg broken, bruised about head and face; Will Pressell, white, badly burned; Wiflam Scarbrough, white, badly burned; Arthur Hughes, white; George Wafford, colored; Tom Cummings, white; Henry Gonyon, white.

CAUSE OF EXPLOSION.

Gas exists in the Nelson mine, and the men are requested to use safety lamps. It is the rule of the company for the miners to place their fuses ready to be lighted for blasts just before quiting work each day, and there are workmen known as "firemen," who go through the mines after all the miners are out and set off these blasts. The miners quit work at 4:30 o'clock yesterday afternoon. It takes them about forty-five minutes to get out of the mine. The two "firemen," who are supposed to have caused the explosion, are Lark Hunter and John Harney. They shot the blasts about 4:45 o'clock before all the miners could get out of the mine.

It is supposed that one of the fuses was defective and resulted in what is known as "blown blast." The flames shooting out from the blast, ignited the gas which in turn ignited the accumulation of dry coal dust in the mine. The explosion that followed was horrible in its intensity. It shot out of the mouth of the mine and completely wrecked the shed at the mine entrance. Three men were killed while standing outside the mine and two seriously and one fatally injured.

OTHER DISASTERS.

This mine has been the scene of two serious explosions in the past.

In 1889 four men were killed and eight seriously injured by an explosion of gas.

Dec. 20, 1895, an explosion of mine dust occurred in which twenty-eight lives were lost. This was caused by a miner carrying an open lamp contrary to regulations.

In May, 1901, an explosion of a similar nature occurred in the Shalliday mine, operated by the same company, in which twenty-one lives were lost.

The force of the explosion in the Nelson mine yesterday was terrible. Bodies were literally mangled and torn to pieces. The company states that there were but seventy-five men at work in the mine yesterday. Most of them were out of the mine when the explosion occurred.

ATTEMPTED ASSASSINATION.

St. Petersburg, April 1.—The police prefect of Moscow, M. Trepoff, had a narrow escape from assassination yesterday. While receiving visitors, a governess named Alhart, suddenly drew a revolver, placed its muzzle at the official's breast and pulled the trigger. The weapon, however, missed fire. In the subsequent excitement the woman tried to escape, but was arrested. It is believed that the attempt was connected with the recent student troubles.

HAD A DETECTIVE AGENCY

YOUNG MAN WHO CARRIED A SIDE LINE.

Bilked an Old Friend for $5 and Gobble-uns Got Him—The Police News.

Bert Brookhart until yesterday was employed as a waiter at the Transfer restaurant, but it developed today that he carried a waiter's apron simply as a side line. His real vocation was strenuous work as chief of a detective bureau. Mr. Brookhart has a keen black eye, a thin lip, which curves contemptously and a head of hair which is inclined to curl, all of which are necessary attributes to the real sleuth. The gentleman's sleuthness is what got him into trouble. Clarence Beaser, a school teacher at Petroleum, near Bluffton, came to town and filed an affidavit against Brookhart, charging him with having obtained money under false pretense, in fact that he inveigled him into sending him $5 for membership in his detective agency. Letters from Brookhart were introduced relating that he had an agency here and had nine men in his employ and that he wanted to increase his force to twelve because he had more work than he could take care of. He stated that it was necessary, however, to have a deposit of $5 before he could give him steady work at $3 per day and expenses. Clarence sent the five and has a postal receipt for the money, signed by Brookhart. After Brookhart got the five he dropped Clarence and the two old pals are pals no more. When asked to plead to the charge, Brookhart gave his head a pretty toss, curled his contemptuous lip and flashed his keen black eye as he answered: "Oh, let 'er go. Whatever that fellow says is all right, of course. I know where I'm at."

"I want to know what your plea is; guilty or not guilty?" insisted the judge.

"I go by whatever that fellow says," said Brookhart. "If he says I'm guilty of murder, why of course I'm guilty."

Finally he said he guessed he wouldn't plead guilty after all and on the request of the prosecutor, who wanted to look up the law a little further, the case was continued to 2 o'clock this afternoon. Mr. Brookhart was placed under $500 bonds and was very indignant when he was taken to jail.

At 2 o'clock Mr. Brookhart entered a plea of not guilty and then submitted to the testimony, which was all against him. The prosecuting witness detailed the circumstances leading to his being mulcted in the sum of $7 and the defendant made no material attempt at denial. The judge said he would deal leniently and assessed a fine of $1 and costs together with a jail sentence of five days.

The third detective to make a showing before the court was the time-honored and time-worn Jesse Felker. Jesse was sent over on March 11 for assaulting a little colored girl on Duck alley and was released from jail yesterday morning. He immediately moved his belongings from his Duck alley domicile and said he was headed for the country when an officer picked him up on Broadway. He admitted to having been drunk, but said that he had paid for everything that he had drank and that he thought that was the prerrogative of every true American citizen. The judge told him that it was every citizen's duty to pay for what he got, but that the duty did not always imply a jag. Jesse expounded a few original principles of law and then the judge sent him over for eleven days.

BICYCLE ORDINANCES.

The surest indication that spring has come is the annual edict of the police department regarding the riding of bicycles on the sidewalks and the requirement of lights on bicycles between the hours of 8 and 4, commencing at 8 p. m. Last year there were a few arrests made and later Judge Louttit went before the council finance committee and had the fines returned to the persons fined. He gave as a reason for the remission of the fines and a return of the money from the treasury the fact that after a few arrests had been made the matter was dropped and no further attempt to enforce the ordinances or statutes was made. This year the usual order has been promulgated, but it has apparently more force behind it. Mayor Bergoff stated to the superintendent of police that he wanted the laws on these matters strictly enforced and wanted the enforcement kept during the season; further, that he would hold the superintendent personally responsible for the strict enforcement of the sidewalk and light laws. Accordingly the superintendent issued circulars which become effective tonight. In the one referring to sidewalk riders the circular says: "In past years officers have been more or less negligent in enforcing this law. From this date officers will pay particular attention to sidewalk riders and arrest all who are caught violating this law." The order continues and says that officers can follow the precedent of holding the wheel as security for the offender's appearance and release the offender. The circular concludes: "Officers will be held responsible for any complaints of persons riding on sidewalks on their beats and this circular is to be strictly enforced."

Referring to the lantern ordinance, the superintendent says: "This ordinance, as in the case of the sidewalk law, has been seriously neglected in the past. It shall be the duty of the night officers in particular to see that this ordinance is hereafter strictly enforced." The same regulations respecting the holding of the wheels for appearance is stipulated in the order.

A third specific order refers to the practice of persons fishing in Reservoir lake, in Delta lake and in streams within the city limits. The instructions are to bring all offenders to the station, whether they be men, women or children.

POLICE NOTES.

Mrs. Bieritz, a poor woman employed at Hope hospital, yesterday lost her pocketbook containing $8, all the money she has in the world. The finder will please return to Hope hospital.

A much bewhiskered gentleman with a mane reaching to his shoulders, applied at police headquarters this morning for information concerning S. S. Magers, who left Geneva, Ind., some time ago, ostensibly to come to Fort Wayne, but who has not since been heard from. The superintendent gave him the address of a number of persons by the name of Magers living in this city and told him to make inquiries of them.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

FIND A PIRATE'S TREASURE.

New York, April 1.—A gang of Italians at work on New York Central improvements near Anthony's Nose, three miles north of Peekskill, have, it is reported, unearthed an ancient chest filled with silver coins of small denomination. The discovery led to a fresh outbreak of the search for Captain Kidd's alleged buried treasure, the search for which has at various times caused the upheaval of large tracts on Long Island and along the Hudson. The fact that the coins just found bear a date subsequent to the execution of the notorious pirate at London in 1701, apparently has had little effect in checking the lust for gold and the demand for picks and shovels is said to be insatiable in the vicinity of Peekskill.

SESSIONS ARE INTERESTING

SUNDAY SCHOOLS AND MISSIONS DISCUSSED.

Busy Day at Christian Church Convention—Some Fine Addresses are Heard.

This morning's session of the convention at the West Creighton avenue Church of Christ was devoted to a discussion of district missions. The meeting was opened with a devotional service led by J. W. Nicholson, of Markle, after which reports were read from the field, missions, revival meetings and pastorates. The roll of churches was called and an increase was shown. The district secretary conducted an open conference, which was followed by the reading of reports of district and county officers.

Rev. E. A. Harris, pastor of the Creighton avenue church, made the annual address, in which he spoke encouragingly of the work already accomplished and the outlook for the future. "Our Weak Churches, Scattered Disciples and Destitute Fields," was a subject discussed by several speakers, which was followed by an address by Field Secretary T. J. Legg.

Rev. Clarence Hill, of Huntington, preached a sermon on "The Restoration," an adjournment for luncheon being taken at its close.

The afternoon meeting was a Sunday school session, and a number of interesting addresses bearing on Sunday school work were made, the following subjects being discussed: "The County Christian Sunday School Institute," by Austin Hunter, of Decatur; "National Christian Sunday School Department in Our General Work" by State Field Secretary T. J. Legg; "Our Special Opportunity," by E. L. Frazier, of Marion tabernacle; "The Work Required of Our State Evangelist: How Can He Accomplish What is Expected of Him?" by Rev. E. W. Allen, of this city. The addresses were followed by a roll call of the schools of the district that observe the per capita plan. The concluding addresses of the afternoon were as follows: "Is a Christian Sunday School Better Than Any Other," by S. G. Battenfield, Gas City; "Our Sunday Schools, the Strongest Missionary Agency: Where Can They Work?" by Miss Kate Miller, of Geneva; "The Indiana Sunday School Association, the Agency Through Which Our Schools May Co-Operate in the Extension of the Kingdom," by W. P. Kelsey, of this city. Miscellaneous business occupied the attention of the delegates for a time, after which an adjournment was made.

The following program will be observed this evening:

7:30—Song and praise service, led by R. H. Smith, Marion.

7:45—Open parliament, "Community of Interest," all departments, conducted by J. H. Wingate, Markle.

8:15—"Indiana Missions to the Front," address by T. J. Legg.

At the session yesterday afternoon State Supt. B. L. Allen presented his resignation on account of the arduous work connected with the place, but the resignation was not accepted and Mr. Allen reluctantly consented to remain until the close of the present official year in September.

H. E. Bruner, of this city, was chosen to fill the vacancy of county superintendent, caused by the refusal to serve of Rev. E. W. Allen, who was elected to that office at the last annual meeting. Rev. Clarence Hill, of Huntington, and Rev. S. G. Battenfield, of Gas City, were appointed a committee on program to fill the places of absentees.

The evening exercises were opened with a song and praise service, led by the general secretary. The principal address was made by Rev. B. L. Allen, of Indianapolis, state superintendent, his subject being "The Work of the Christian Endeavor Movement." He discussed his subject from two standpoints, first, "What Has the Movement Done?" and second, "What It Proposes to Do."

The prejudice against the use of glasses by children is foolish. Give them an equal chance with those whose eyes are right by consulting us. Dallas F. Green, Expert Optician.

THE DAY ON WALL STREET.

New York, April 1.—The movement of prices was scarcely appreciable in the opening dealings in stocks today, but the general tendency was a hardening one. A few specialties moved widely. Colorado Fuel rose abruptly 1½ and Northwestern preferred rose a point, but immediately reacted 1½. United States Rubber preferred lost 1½.

The market became semi-stagnant. A few stocks were marked strongly upward, but the general movement was spiritless and without significance. Minneapolis, St. Paul and Sault Ste. Marie advanced 2 points and Hocking Valley common and preferred, Pacific Coast, New York Dock preferred, Distilling preferred and Leather preferred 1@1¾. St. Paul and Omaha preferred, Cleveland, C., C. & St. Louis, Pittsburg, C., C. & St. Louis and General Electric declined from 1 to 2, while Northwestern preferred rallied to above yesterday's close. Railway Steel Spring stocks were dealt in for the first time at 24¼@25 and 80¾@81¼ for the common and preferred respectively. Colorado Fuel met realizing sales after it crossed 105, but its relapse had no effect on other stocks. Amalgamated came into demand toward 11 o'clock and rose more than a point.

People's Gas was lifted a point and United States Steel preferred showed strength, but these movements were offset by free selling of Sugar and weakness in Colorado Fuel and Amalgamated. Sugar lost 1¾ and Colorado Fuel sold as much below the best. But little remained of Amalgamated's previous gain and many railroad stocks fell below last night. Transactions in railroads were infrequent and they moved to a less extent than the specialties. Other declines of note included 2 in Minneapolis, St. Paul and Sault Ste. Marie with a rally of 1 in International Pump and North American. Colorado Fuel preferred gained 2 and Cotton Oil 1. By noon the market was quiet and somewhat steadier in tone, Amalgamated recovering to 64⅞ and then yielding.

Bonds were dull and steady. Yesterday's active speculation in low grade issues was not resumed.

An Electric Belt Free

Send Your Application At Once To The Physician's Institute.

They Will Send You Absolutely Free One of Their 1900 Grade Suprema Electric Belts, the Belt Which Has Made so Many Wonderful Cures—You Needn't Send Even a Postage Stamp, Just Your Name and Address.

Seven years ago the State of Illinois granted to the Physicians' Institute of Chicago a charter. There was need of something above the ordinary method of treatment for chronic diseases, something more than any one specialist or any numbers of specialists acting independently could do, so the state itself, under the powers granted it by its general laws, gave the power to the Physicians' Institute to furnish to the sick as much help as would make them well and strong.

Ever since its establishment this Institute has endeavored in every possible way to carry out the original purposes of its establishment under the beneficient laws of the State.

Three years ago, the Physicians' Institute, realizing the value of electricity in the treatment of certain phases of disease, created under the superintendence of its staff of specialists an electric belt, and this belt has been proved to be of great value as a curative agent. From time to time it has been improved until it reached that stage of perfection which warranted its present name of "Supreme."

This belt is the most effective of all agents in the cure of rheumatism, lumbago, loss of back, nervous prostration, weak vitality, lost vital functions, varicocele, kidney disorders and many other complaints.

This "Supreme Electric Belt" is made in one grade only—1900 grade—there is no better electric belt made and no better belt can be made. Whenever in the opinion of our staff of specialists the wonderful curative and revitalizing forces of electricity will cure you we send you, free of all cost, one of these Supreme Electric Belts, to try and wear on trial. It is yours to keep forever without the payment of one cent. This generous offer may be withdrawn at any time, so you should write to-day for this free "Supreme Electric Belt" to the Physicians' Institute, at 1870 Masonic Temple, Chicago, Ills.

FOX TRANSFERRED

THE WELLSVILLE FOREMAN CALLED TO ALLEGHENY.

CHANGE IS A PROMOTION

TAKES THE PLACE VACATED BY GEORGE SCHMOLL.

A RECORD-BREAKING MONTH

MARCH CAR SERVICE REPORT SHOWS BIG BUSINESS.

Frank E. Fox was this morning appointed general foreman of the Pennsylvania shops at Allegheny. He was called here by Motive Power Supt. D. F. Crawford and when he appeared before that gentleman at 9 o'clock the proposition to take the position was submitted to him and promptly accepted. Mr. Fox has been general foreman of the Wellsville shops for the past year or two. Previous to going to Wellsville he was employed in the shops in this city, first as a mechanic and later as a foreman of one of the departments. He is a good mechanic and a sociable and popular fellow, whose friends will be pleased to hear of his good fortune. Mr. Fox was preparing to move his household goods and family to Wellsville, but instead he will now take them to Allegheny. Mr. Crawford has not selected a general foreman for the Wellsville shops, but will probably do so this week.

ELBOW FRACTURED.

H. Kohlman, a Nickel Plate fireman, had the misfortune to fracture the bone of one of his elbows last Saturday. He was "putting in a fire" and struck his elbow with great force against the frame of the cab. He will be unable to work for some time.

PUT TURNTABLE IN USE.

The Nickel Plate placed a new turntable in operation at Stony Island yesterday. It is a 200-ton, 70-foot table, the exact counterpart of the table installed in this city a few weeks ago.

SEVEN QUIT WORK.

Seven Wabash section men failed to show up at the usual working hour this morning and it is presumed that they have severed their connection with that department of the service because their demand for an increase of salary was not granted. They served notice on Foreman Christopher Fesler last week that unless wages were increased to $1.50 per day they would quit the employ of the company March 31. The company did not even answer their petition and seven of the nine men employed on the section quit as stated. Mr. Fesler was successful in securing one man to take the place of the men who quit and, counting himself, his force numbers four today. This is not a strike in the true sense of the term; the men have simply quit work expecting to secure other employment and have no thought of in any way interfering with the employment of others to take their places.

FRESHWATER VERY SICK.

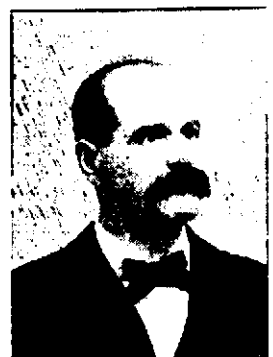
The Sentinel Saturday mentioned the fact that James Freshwater, the telegraph operator in the Wabash master mechanic's office, was sick. Since that time his sickness has taken more serious symptoms and he is suffering from appendicitis and it may be necessary to operate to alleviate him. F. L. Jones, of Wabash, who was called here on account of the sickness of Mr. Freshwater, returned to his home last night. The men are relatives.

THEY QUIT THE ROAD.

Conductor J. D. Hibinger, Engineer Gerie Weissell and Brakemen A. W. Seeley and C. F. Baum have severed their connection with the Nickel Plate. Mr. Hibinger will go to Oklahoma to examine a position that is open to him, with a view of remaining there if he finds the situation as represented. The others do not make known their intention as to future employment. Similar resignations may be looked for almost daily for the next two or three weeks. Navigation on the lakes is about to open and the railways must share with the boats in through east and west freight traffic. This will cut quite a figure in the volume of all rail business, probably reducing it a third. The business of the past winter was unprecedented and all Fort Wayne lines employed the largest number of engineers and trainmen in their histories. As a consequence of the falling off in traffic the transportation officials find themselves against two propositions: To reduce the number of trainmen or reduce their earnings by giving them fewer trips. The latter method does not seem to be satisfactory to the men and some have retired of their own volition and others will do so soon.

AN OLD EMPLOYE.

Twenty-eight years ago today Jerome B. Frye commenced working for the Grand Rapids and Indiana road. His first service on that line was in the capacity of a brakeman. Then he became a baggageman and in a short time was promoted to a conductorship, serving in that capacity in the freight department six years. In 1890 he was promoted to the passenger service and is now running a train between this city and Richmond. Mr. Frye was born on a farm near Greencastle, Pa., August 31, 1852, and remained with his parents until he reached man's estate, helping his father with the farm work in the summer and attending school during the winter months. When he left the parental



JEROME B. FRYE.

home it was to take a position as brakeman on the Pennsylvania road. He worked there only a few months, when he came to Fort Wayne and for a few months was employed as a brakeman on the Wabash road. From the latter line he went to the Grand Rapids and Indiana. He is not only a very conscientious employe, but has also the interest of the patrons of the road at heart and with them no conductor was ever more popular.

BEST MONTH ON RECORD.

In the way of incoming business, the month of March was a record-breaker so far as the records of the Indiana Car Service association extend. J. O. Goff, the car service inspector, reports that there were received and delivered here 1,782 carloads during the month, against 1,359 carloads in March, 1901. The best previous record was last January, when 1,712 carloads were received. The bulk of the freight last month was coal and pig iron, though there was considerable doing in the way of lumber for house building purposes. This statement does not include cars handled at the freight house.

A MAGNIFICENT TRAIN.

Omaha, Neb., April 1.—The new Union Pacific-Northwestern "Overland Limited" stopped ten minutes in Omaha this morning. At the union station to meet the train were President Burt, General Manager Dickinson and a number of other Union Pacific and Northwestern local officials. The new equipment, which is a part of eight complete trains whose aggregate cost was $2,000,000, attracted considerable attention. The electric lights were turned on and the telephone system tested while the train stood at the station. The overland trip across the country to San Francisco began at 9:40.

HAD BOTH LEGS BROKEN.

News of a sad accident which has fallen to the lot of John Carroll came to friends in this city yesterday. Mr. Carroll is a machinist and is employed in the Carroll Foundry and Machine company's plant at Bucyrus, O. Yesterday morning he was working about the machinery when his clothing caught on a bolt and he was hurled about a line shaft, breaking both legs and sustaining some serious cuts and bruises. John Carroll is a Fort Wayne boy and up to five or six years ago he was employed at his trade in the Bass shops. He is a brother to Pat Carroll, the owner of the shop where the accident occurred.

THE ANNUAL BALLS.

The three annual balls given by labor organizations last evening—the Brotherhood of Railway Trainmen, the Blacksmiths' union and the Teamsters' union—were brilliant successes in every sense of the term. In each instance the hall was taxed to its utmost capacity to accommodate the crowd. At Princess rink, where the B. of R. T. held forth, 115 couples participated in the grand march; the boilermakers had an equal number and the teamsters had about seventy-five couples. A careful watch was kept at the doors and no disreputable parties were admitted to either dance and the very best order and good feeling prevailed throughout. The sale of tickets was unprecedented and the balls will turn out to be very profitable as well as pleasant events. The Sentinel previously published the list of committeemen who are deserving of the credit of making their respective balls the success they were and it is not necessary to repeat the names.

HAD SOME TOES MASHED.

William Harkenrider, foreman of the laboring gang at the Bass machine shop, is laid up with four crushed toes. Yesterday afternoon the wheels of a heavily laden hand truck passed over his foot, catching all but the great toe and making them as flat as a "pancake." He will be unable to work for awhile.

HAD A FINGER LACERATED.

Jacob Alt, a coremaker at the Bass foundry, met with a painful accident at 5 o'clock last evening which will probably disable him several days. The index finger of his right hand was caught and slit open to the bone. Dr. Bickell dressed the wounded digit.

PUTTING UP ANOTHER WIRE.

J. Gidley, assistant general foreman of the telegraph department of the Wabash, arrived in the city this morning with a party of linemen and immediately commenced some important improvements in that department. Mr. Gidley said a new wire would be put up from this city to Peru first and then the linemen would return here and commence putting up a new line to Montpelier, over the new road.

UNLUCKY FREIGHT HANDLERS.

S. Johnson and J. P. Cayot, the former a freight handler and the latter a caller at the Pittsburg warehouse, each had a hand injured yesterday by getting caught beneath boxes. William Regennuer, E. Blackburn and Isaac Mann, truckmen at the same place, are sick and off duty.

MR. TURNER COMING WEST.

Vice President J. J. Turner, of the Pennsylvania, will pass through the city this afternoon, en route to Grand Rapids to attend the annual meeting of the stockholders of the Grand Rapids and Indiana company tomorrow. Mr. Turner will come here on train 9 this evening and take train 3, on the Rapids, for his destination.

WORKING A NIGHT FORCE.

A portion of the machinery side of the Wabash locomotive repair works is temporarily working a night gang. How long this will be maintained depends upon the condition of business on the road and the demand for engines.

STRICKEN WITH PARALYSIS.

While at work in the Wabash shops at 3 o'clock yesterday afternoon, George Jauta was stricken with paralysis and instantly became totally helpless. A carriage was called and the unfortunate man was conveyed to his home. Today he is resting easy and gives every indication of a speedy recovery. Mr. Jauta is a coppersmith.

NEW SHOP FOREMAN.

William H. Coulton, late of Philadelphia, has taken a position with the Fort Wayne Electric works. He will be foreman of the department wherein circuit breaking apparatus is made. He assumed his duties this morning.

COOPER'S SUCCESSOR.

Motive Power Supt. J. E. Barnes, of the Wabash, has appointed Henry Kuecner general foreman of the company's shops at Springfield, vice W. S. Cooper, appointed master mechanic of the western division. Mr. Kuecher was foreman of the machine shop at Springfield for a number of years.

Mrs. Florence Nightingale Belknap, Vice-President San Francisco Round Table, and a Prominent Member of Pentecost Church of that City, Cured of Fearful Female Troubles by Lydia E. Pinkham's Vegetable Compound. Read Her Letter.

"DEAR MRS. PINKHAM:—I wish to thank you for the benefit your medicine has done me; I cannot speak too highly in praise of it. After my child was born I was left in a very bad condition. I flowed three weeks out of the month; I suffered for months, and finally consulted three physicians. Two of them said I had a tumor, and the third one said I was going into consumption. I was sick and tired, and could not perform my household duties. Finally a friend urged me to try **Lydia E. Pinkham's Vegetable Compound.** I really had no faith in it, although I had often heard of its wonderful cures; but the fact was I had no faith or interest in anything any more. I finally decided to try it; after the first bottle I felt immensely better, and after taking the sixth bottle I was entirely cured, and felt like a new woman. I consider it woman's friend, and would never be without it in the house. O, what a lot of misery and suffering could be avoided if all women only knew of the wonderful power of Lydia E. Pinkham's Vegetable Compound to cure their ills." —MRS. N. BELKNAP, 1222 Leavenworth St., San Francisco, Cal.

CONVINCING PROOF.

THE AVERAGE FORT WAYNE CITIZEN MUST ACCEPT THE FOLLOWING PROOF.

The great Sir Isaac Newton, one of the most profound reasoners the world ever produced, once cut a large hole in a board fence to allow a favorite cat access to two gardens, and cut a smaller hole to allow her kitten to follow her. The weakness manifested in Sir Isaac's action was due to want of thought. Any reader who mentally debates the proof offered here about Doan's Kidney Pills and arrives at any other conclusion than that stated in this citizen's statement, is as short of reasoning powers as the philosopher when he turned carpenter.

Ex-Policeman J. Patton, of 180 Ewing street, says: "I had kidney complaint for four or five years. The kidney secretions were discolored and I had much annoyance from their too frequent action. If I stooped and straightened, everything whirled about me and I was almost blind. Whenever I tried to work a little in my garden or stood in a stooping position my back ached terribly, and I had to place my hand where the pain was worst, my back feeling perfectly numb. I became so bad that I could not do much of anything and though I tried a number of kidney remedies none of them helped me. I heard about Doan's Kidney Pills, procured them at Meyer Bros. & Co.'s drug store and they relieved me right from the start. I took two boxes. The difficulty with the kidney secretions disappeared as well as the dizziness and I could work in my garden all day, and never feel my back ache any more than a man who has never had kidney trouble."

Sold by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
